

Program

Quality Assurance and Failure Analysis of Thermoplastics & Thermosets with Modern Thermoanalytical Techniques

Cure Monitoring of Thermosetting Resins, Paints and Adhesives by DEA

NETZSCH Polymer Seminar at NETZSCH-Gerätebau GmbH in Malmö

8:30 –8:45 a.m. Registration

8:45 –9:00 a.m. Welcome
Short Introduction to the Analyzing & Testing Business Unit of NETZSCH

9:00–10:30 a.m. Quality Control, Failure Analysis and Process Optimization by DSC and TGA

10:30–10:45 a.m. Break

10:45-11:30 a.m. Visco-Elastic Properties of Polymers & Composites

12:00-12:45 a.m. Lunch

12:45-2:00 p.m. Cross-linking – even in-situ!
Cure monitoring of reactive resins, paints and adhesives

2:00-3:00 p.m. Demonstration of DEA 230/1 *Epsilon*

3:00 p.m. Farewell & End of Seminar

Seminar Place:	NETZSCH-Gerätebau GmbH Grabrödersgatan 8, 21121 Malmö	Seminar Date: Wednesday, October 22 nd 2008
