

Program

Adiabatic Reaction Calorimeters for Process Safety and Upscaling

Thursday, May 14th, 2009

- 01:30 pm Doors Open
- 02:00 pm Welcome
Stephan Knappe, NETZSCH-Gerätebau GmbH, Selb
- 02:15 pm Adiabatic Calorimetry and Differential Scanning Calorimetry – Similarities and Differences
Dr. Ekkehard Füglein, NETZSCH-Gerätebau GmbH, Selb
- 03:00 pm Process Analysis and Chemical Stability Tests using Accelerating Rate Calorimeters or Automatic Pressure Tracking Adiabatic Calorimeters
Dr. Jürgen Blumm, NETZSCH-Gerätebau GmbH, Selb
- 03:45 pm Advanced and Modular Calorimeter Systems for Testing Chemicals
Dr. Simon Chippet, NETZSCH-Gerätebau GmbH, Selb
- 04:30 pm Final Discussion and Visit at the NETZSCH Booth N23-O23 in Hall 6.3
